Experience

OUZE
(SÃO JOSÉ, SC - BRAZIL – DEC 2021 - TODAY)
Risk Analyst

MEANTRIX
(FLORIANÓPOLIS, SC - BRAZIL – JUL 2019 - DEC 2021)
Data Scientist

I worked on the development of several products based on Machine Learning and AI, from the initial stages of prototyping to deployment and maintenance. I had contact with the R language (developing analysis, packages, webapps with Shiny framework, etc.), but also with JavaScript, HTML/CSS, SQL, and technologies such as: Docker, cloud services (Azure and Google Cloud Platform), Git/GitHub, and others.

COURT OF AUDIT OF THE STATE OF SANTA CATARINA
(FLORIANÓPOLIS, SC - BRAZIL – AUG 2018 - FEB 2019)
Economics Internship

During my internship, I worked with research, data extraction and cleaning and statistical/econometric analysis related to the public administration services. I had the opportunity to enhance my programming skills with R, using this language to develop predictive statistical and econometric models, data visualizations and data processing.

DAYCOVAL BANK
(FLORIANÓPOLIS, SC - BRAZIL – JUN 2015 - DEC 2016)
Currency Exchange Operator

FIESC - SENAI
(SÃO JOSÉ, SC - BRAZIL – MAR 2014 - DEC 2014)
Administrative Assistant

Education

Federal University of Santa Catarina (UFSC), **Bachelor in Economic Science**, 2015 - 2019;

Lisbon School of Economics & Management (ISEG - ULisboa), **Exchange Program in Economics**, 2017.
